

FOR THOSE ABOUT TO THRASH

ITALIAN THRASH ATTACK CATALOG

ITA è *passione* senza secondi fini o mire nascoste, per ricambiare tutto ciò che la musica ha regalato a livello di *emozioni, energia*, voglia di andare oltre il mero ruolo di ascoltatore non seguendo un'ottica faziosa, ma aprendo le porte a chiunque condivida una simile *attitudine* nel *metal*, nel *punk*, nell'*hardcore*, nell'*hip-hop* e prendendo a modello la vecchia scuola del *diy* per dare una mano al meglio.

For those about to thrash

ITA was born from our love and *passion* for music. We do not have a hidden agenda, we just want to give back all the *emotions* and *energy* that music has given us. The will to have an active listener to become more *open-minded*, welcoming all those who share a similar *attitude* within *metal, punk, hardcore, hip-pop* and so on. Our model is the old school *diy*, through which we want to do our best to *help*.
